### *Personal Development*

**Reach out to learning something NEW and building on your individual skills!**

It is all about making musical goals.

Here are the steps to achievement:

1. Assess your own artistic strengths and weaknesses.
2. Prioritize your needs for improvement.
3. Make an action plan to address these areas.
4. Devote the necessary time and resources to the plan.
5. Be consistent: practice makes self-confidence.
6. Review progress and make corrections as needed.
